**140th Assembly  
June 12 – August 7, 2022**

## **The Monteagle Sunday School Assembly Prayer**

Everliving God, strengthen and sustain the Monteagle Sunday School Assembly with patience and understanding that we might love and care for your gift of this place and its people. Grant that together we might follow the example of Jesus Christ in our relationships, both new and renewed. May our gifts and talents be used for the advancement of our understanding of, and service to, the world you created for us. Help us to prepare ourselves and those generations who follow to become faithful stewards of the heritage of character and potential you so granted our Founders. We pray in the name of Christ, our Lord and Savior. Amen.

# Welcome!

- An emphasis on developing values, character, and leadership among our children and young people;
- Promoting and fostering an intergenerational and family friendly environment;
- A membership engaged in governing the Assembly and guiding its future;
- Taking excellent care of the Assembly grounds, building, and facilities;
- Sound financial management to ensure the sustainability of the Assembly.

Values - We believe:

- A safe, caring, and friendly environment promotes spiritual, moral and intellectual growth for people of all ages;
- Our interdenominational Christian beliefs are the bedrock of our community;
- In the value of the Assembly's Chautauqua heritage and in our community traditions;
- In the centrality of our responsibilities to the children and young people in our midst;
- Education is key to a happy life, recreation sustains our bodies, and cultural enrichment is central to creating a civil society;

## **MSSA Loves Electric Carts, Bicycles & Walking Wouldn't You Love To Park That Car?**

The Board of Trustees, the President and Officers of the Monteagle Sunday School Assembly encourage you to enjoy the fresh air and the opportunity to stretch your legs whenever possible. We all want to do our part to protect the environment, the safety of our children and pedestrians, and the quiet and tranquility of our Assembly grounds. Here are the things you can do:

- Whenever possible, walk, ride your bike, or use an electric cart.
- Park your car. If you can, use one of our convenient parking areas outside the Assembly's fenced grounds. These parking areas are located outside the Front Gate and outside the North Gate. A free Satellite parking pass is required in these lots for security purposes.

### **Enjoy Walking MSSA Nature Trails**

In addition to the developed areas of neighborhoods and parkland linked by roads, footpaths and footbridges within the Assembly's historic Grounds, there is a system of nature trails on Assembly property that extends into the woods beyond the west and north gates of the Grounds.

Warren's Point on the plateau bluff to the north is the destination of the East and West Nature Trails. A large gazebo at Warren's Point is lined with benches that invite you to sit and enjoy the splendid view into the valley, and a stone bench further down the slope is a perfect spot for quiet reflection. Permanent picnic tables are also in place for fellowship with family and friends. The fire ring at Warren's Point is only for use during Assembly organized activities and with Assembly staff supervision.

The North Nature Trail offers a more rugged two-mile hike below the bluff line of Warren's Point. In Waldrop Woods there is a pleasant Loop Trail that begins and ends at the West (walking) Gate near where Linden and Walnut Avenues intersect, behind Cottage #142. Approximate distances and landmarks on the routes of these trails are noted on maps of the Assembly Nature Trails that are available in the Assembly office, snack shop, dining hall, and chapel.

Warren's Point and the Monteagle Sunday School Assembly Cemetery may also be accessed by walking along the gravel road that extends towards the left beyond the North Gate of the Assembly Grounds.

**"You will show me the path of life; in your presence there is fullness of joy,  
and in your right hand are pleasures for evermore."**

**Psalm 16, verse 11**

# MONTEAGLE SUNDAY SCHOOL ASSEMBLY

## History of the Monteagle Sunday School Assembly

In April 1882, the Sunday School Convention of Tennessee sought to establish a Sunday School Congress for the following summer. In October the charter was drawn for the Monteagle Sunday School Assembly. The Board then selected a site, hired a landscape engineer, from Rochester, New York, to lay out the grounds and planned a program. The Monteagle Sunday School Assembly opened its first session on July 17, 1883, for the purpose of “the advancement of science, literary attainment, Sunday School interests, and the promotion of the broadest popular culture in the interest of Christianity without regard to sect or denomination.”

The Assembly was an immediate success in spite of the fact that a restaurant and amphitheater were the only permanent structures on the Grounds the first summer. An ambitious building program soon resulted in scores of boarding houses, public meeting rooms, and private cottages to accommodate the thousands who visited the Assembly each year for the summer season. For a number of years before southern colleges and universities offered summer courses on their campuses, summer schools at the Assembly were popular. School teachers from across the South thronged to Monteagle to attend classes that broadened their educational experience.

In its early years the Assembly maintained close ties to the Chautauqua Institution at Chautauqua, NY, the original or “Mother” Assembly, founded in 1872. Chautauqua’s goal was to combine the training of Sunday School teachers with a broader program of religious, educational, and cultural enrichment. The national Chautauqua Literary and Scientific Circle (C.L.S.C.) program held annual graduation ceremonies for southern students at the Monteagle Assembly, its recognized regional headquarters. In the early 1900s, as part of a coalition known as the International Chautauqua Alliance, the Monteagle Sunday School Assembly presented nationally known lecturers, ministers, and artists in the Auditorium.

World War I, the Great Depression, and World War II took their tolls on the Monteagle Sunday School Assembly. Fewer people in attendance meant declining revenues and many programs were discontinued. Some cottages stayed vacant year after year. Yet the Assembly continued with a summer session each year, offering basic religious, platform and youth programs for all who came.

The 1960s and ’70s brought a reawakening of interest in the Monteagle Assembly and its programs. Families reopened and repaired cottages, and endowment funds were established as a means to rejuvenate the worship programs and other activities. The Centennial Celebration in 1982 was a catalyst in promoting interest and participation in the Assembly community, and in underpinning historic preservation efforts through designation as a Historic District listed in the National Register of Historic Places. Events of the Assembly’s first 100 years were chronicled in a souvenir publication, *Mountain Voices: The Centennial History of Monteagle Sunday School Assembly*. Ties to the mother Chautauqua Institution in New York were reestablished through membership in a growing “Chautauqua Network,” and an Archive for the collection and preservation of Assembly records and memorabilia was established.

Today the Monteagle Sunday School Assembly continues to honor its history and mission with a rich and varied schedule of religious, educational, cultural, and recreational programs for all ages. Assembly members and visitors affirm their commitment to the purpose of the Assembly by their support of these programs. In doing so they continue, in the words of the Rev. William H. Elder, III, ‘the marvelous legacy of Christian human beings who have sought ways to cherish, nourish, renew and share their faith in an environment at times mistaken for Eden.’

## Woman’s Association 2022

*Motto: “Each for the other, all for Monteagle”*

Organized in 1887, the MSSA Woman’s Association has played a vital role in the development of the Assembly by providing hospitality, financial support, and meeting space for all aspects of the program. Centrally located on the Mall, the Association’s cottage, Winfield, houses the Assembly library and is staffed by a resident Hostess/Librarian. Winfield was acquired in 1960 when Assembly member Ella D. Winfield bequeathed her property to the Assembly. The Fletcher Guest Wing, made possible by a fund established in memory of Gertrude Bowling Whitworth Fletcher, was added to accommodate Platform guests. Winfield is the location for many activities during the season, including Sunday School, parents’ meetings, workshops, children’s story hours, and card parties. There is always a warm welcome on the Winfield porch. Membership is open to all women who wish to support the Woman’s Association and its activities. The MSSA Culinary Guild, now a program of the Woman’s Association, celebrates and supports the local South Cumberland food and farming community, and the preparation and enjoyment of great food. Members maintain the Assembly’s Humphreys-Martin Family Herb Garden and enjoy coming together for food, beverage, and fun several times during the program season. Culinary Guild membership is open to all who are interested in the culinary scene on the Mountain.

# MONTEAGLE SUNDAY SCHOOL ASSEMBLY

## Youth Program

The youth have been an integral part of the Assembly from its beginning, and many consider Monteagle a place where children can develop both spiritually and physically in a safe environment. Throughout the summer season, a Youth Coordinator, Christian Education Coordinator, Kindergarten and Crafts Director, and other Youth Staff supervise high quality activities for children of all ages.

Children are encouraged to participate in their age appropriate groups and in all phases of Assembly life; however, our mission places a high value on family, and **parents should still consider themselves completely responsible for their children's behavior** whether they are at home or participating in Assembly functions. **The Assembly youth staff is not to be considered as babysitters, and parents should be prepared to supervise their children** at movies, lectures, or concerts and other events. In many cases, **adult accompaniment will be the best choice.**

### Weekly Youth Parents Meetings:

These meetings are a great way to be in the loop about the week's activities, any schedule changes, and volunteer needs. We hope you will plan to attend these half-hour meetings held each Tuesday from 10:15-10:45 AM on the porch at Harton Hall.

### Excursions:

Age-appropriate excursions have been planned for each week. Please refer to the Youth Bulletin Board (located in the front of the Auditorium) each Monday for information on the specific excursions for your child's age group as well as information for All Assembly Excursions. Additional information will be available at the Youth Parents' Meeting each Tuesday at 10:15 AM at Harton Hall porch and may also be obtained from the Youth Coordinator. For excursions away from the Assembly, parents are advised to use discretion in allowing their children to participate. Eagles must be accompanied on excursions by a parent or a responsible adult. Children under the age of twelve will not be allowed to ride in cars with the youth staff, so parents should plan to drive their own children on excursions.

### Bicycle and Bridge Safety:

We want all Assembly youth to be safe and enjoy their mountain experience. Parents, please help us to help your children stay safe. All cyclists within the Assembly grounds must abide by the laws of the State of Tennessee regarding bicycle safety. In addition, there are specific Assembly rules that strictly forbid the riding of bicycles on footbridges or tennis courts and require that pedestrians on Assembly footpaths be given the right of way. **Infractions of the bicycle safety rules may result in the loss of bicycle privileges.**

### Curfew:

The Youth Committee recommends these as appropriate times for children to be home:

Children under 12 years: 10:30 PM

Children 12-14 years: 11:00 PM or immediately following a youth event for this age group

Children 15-18 years: 11:30 PM or immediately following a youth event for this age group

**There is an established midnight curfew for all persons 18 years of age and under.**

## Rules And Regulations

### Leaseholders, Renters, And Guests Important! Please Read

We hope you have a wonderful stay on the grounds of the Monteagle Sunday School Assembly this summer. Below is an abbreviated list of our rules and regulations for easy reference and emphasis. We strongly suggest you familiarize yourself with the complete Code of Regulations and ByLaws available on the Assembly website at [www.mssa1882.org](http://www.mssa1882.org). Questions pertaining to them may be directed to the General Manager or to any trustee.

All persons within the Assembly grounds are subject to **all** of the rules, regulations, and Bylaws officially adopted. Leaseholders are responsible for ensuring that all persons in their households read and abide by all of the rules and regulations.

#### General Rules:

1. The President and General Manager have the duty and authority to enforce the rules.
2. Any person within the Assembly grounds may be required at any time to show evidence of authorized presence with a ticket or pass. Four- hour passes will be provided without charge to any person wishing to attend specific religious, cultural, and/or educational activities. Periodic leasehold checks may be made during the annual assembly to ensure all occupants have tickets. **All persons must present their gate tickets to the gatekeeper upon entering and leaving the gate.**
3. No one may endanger the health or safety of persons or property within the Assembly. Destruction of or damage to any Assembly property subjects the offender to appropriate fine and discipline by the Board of Trustees.
4. The General Manager has the authority to abate all nuisances, including excessive noise, and correct all dangerous conditions.
5. The shooting of guns, sling shots, firecrackers, and fireworks on the Assembly property is prohibited. Violations of this code shall result in a \$500 fine for the first offense and expulsion for the remainder of the season for a second offense.
6. Trash fire of any kind on Assembly grounds both within and without the fenced area is prohibited. Metal grills/barbecue broiling stands designed for cooking purposes only may be used outdoors with supervision on leaseholds but not on parkland unless supervised by Assembly summer personnel or permanent personnel. With the foregoing and following exceptions, open fires are prohibited on leaseholds and Assembly property. Grills must be out from under and away from overhanging eaves or trees. Permanent and/or portable firepits including but not limited to solo style smokeless fire pits, chimineas, pagodas and other similar products and fire pits of any kind are considered open fires and therefore may not be used on leaseholds or assembly property. Campfires are permitted within the stone fire rings on the cleared areas at Warren Point and campground.

7. Camping is not allowed on Assembly property except at the campgrounds. Warren Point is not a campground.
8. The possession or use of alcoholic beverages on public grounds, in public places, or at public functions on the Assembly grounds is prohibited and subjects the offender to disciplinary action by the Board of Trustees. **No alcohol except in private cottages.** Controlled substances of any kind may not be used anywhere and subjects the offender to the laws of the State of Tennessee. One must be twenty-one (21) years of age to use alcohol.
9. Persons are not permitted to climb on the Pilcher Arch.
10. No commercial activity or fund raising activity shall be conducted on the Assembly grounds without approval of the Board of Trustees. These activities include, among others, the activity of any committee.
11. Advertising in *Mountain Voices* shall be limited to Assembly-sponsored events, leaseholds available, and other matters specifically approved by the Board of Trustees.
12. Unless otherwise provided, fines of up to \$500 for each violation under the Code of Regulations may be imposed. Assembly services may be suspended or terminated to leasehold, including suspension or termination of water service. Offenders may be expelled from and prohibited entry to the Assembly grounds. The Board of Trustees may terminate a member's lease in cases of non-payment of dues or assessments or violations under the Charter, the ByLaws, or the Code of Regulations.

### General Youth:

1. A midnight curfew is in effect for all persons who have not reached their eighteenth (18th) birthday. The Security Officer is authorized to ask for proper identification from anyone found outside cottages after that hour. Violators of the curfew will be escorted to their cottages, and their parents or hosts will be informed. All violators must appear before the Youth Committee. A second violation will result in the appearance of both the violator and parents before the Disciplinary Committee for appropriate discipline, which may include expulsion from the Grounds.
2. Without exception, a person shall be eighteen (18) years of age or older to stay overnight in the Nashville Home.
3. Summer staff employees are subject to **all rules and regulations.**

### Bicycles:

1. Bicycles and scooters shall not be ridden across walking bridges or on tennis courts. They **must be walked** across such bridges. The first time that an offender is stopped by anyone on the Assembly grounds, the person will be given a warning and reported to the General Manager. The second time that the offender is stopped, that person and his/her parent will meet with the General Manager. The third time that the offender is stopped, he/she will have the bike confiscated for one week. If there is another offense, the individual will be brought in front of the Executive Disciplinary Committee. Bicyclists should exercise consideration at all times for pedestrians and use caution when riding along or crossing roads.
2. The use of safety helmets is mandatory in agreement with Tennessee law. The youth of the assembly must wear helmets when riding their bicycles in accordance with Tennessee state law. On the Assembly Grounds, the first time that the youth

is stopped for not wearing a helmet, the youth will be warned. Any person on the Assembly Grounds can stop any youth not wearing a helmet and report him/her to the General Manager. The parent will then be notified. The second time that the youth is stopped for not wearing a helmet and is reported to the General Manager, the youth and the parent will meet with the General Manager or a designee. The third time that the same youth is stopped for not wearing a helmet; the bike will be confiscated for one week. If there is a fourth offense, the youth will be brought in front of the Disciplinary Committee.

3. No bicycles shall be parked in front of the Auditorium, Warren Chapel, or Harton Hall. Appropriate bicycle racks or designated areas will be located near these buildings. Violators' bicycles will be confiscated and violators may be fined.
4. Scooters, roller blades, roller skates, and similar devices on wheels and runners are prohibited for use on streets, sidewalks, bridges, and tennis courts.

### **Pets:**

1. Pets shall be registered with the Assembly and bear identification tags at all times. These tags are not transferable. All pets shall be inoculated against rabies.
2. All pets shall be kept inside cottages or on a leash between the hours of 7:00 PM, and 7:00 AM; however, animals, including dogs and cats, that have attacked other domestic animals or humans shall be kept behind doors or fences, or on a leash, or shall be tied up at all times. Owners may be fined for violation. Pets that become a nuisance or dangerous may be expelled from the Assembly grounds.

### **Motor Vehicles:**

1. Motor vehicles should be used with the greatest of care. Fines may be imposed for speeding, failing to stop, and driving in a reckless or careless manner. Any person cited for four offenses of the traffic regulations within a 12- month period shall have his or her driving privileges within the Assembly grounds suspended for six months.
2. The speed limit is **14 miles per hour** throughout the Grounds except through **the Mall area where the speed limit is 10 miles per hour**. No one shall operate a motor vehicle of any kind, including golf carts, on Assembly property without a valid driver's license.
3. Motorcycles, motorized scooters, go-carts, campers, RVs, four-wheelers, and/or mobile homes are not allowed on the Assembly grounds. Use of large trucks, moving vans, or trailer type haulers inside the Assembly grounds must be approved by the General Manager. No approval will be granted during the Assembly season.
4. Golf carts may be allowed on the Assembly grounds upon application to and permission of the General Manager. Golf carts shall be operated only on roadways with an exception for medical reasons or handicapped condition of the operator or passengers when carts may be operated on walkways and paths. All golf carts must be equipped with a horn and must have front lights and rear lights or reflectors if driven after daylight hours.
5. No one shall ride on top of vehicles, on fenders or bumpers, on backs of vehicles (other than truck beds), or in any other place other than that provided for passengers inside the vehicles.

# Bridges to the Future Campaign

The purpose of the *Bridges to the Future Campaign* is to encourage members and friends of the Montecagle Assembly to remember the Assembly in their estate plans. The campaign will help insure the future of the Assembly for generations to come. Now through the Bridges Campaign, each of us can help insure that future generations will have the same opportunity to share in this wonderful place as our children and grandchildren are having.

Attention will be on helping each participant define what he or she wants to capture in their choice of subject. Beginner to intermediate levels. Some drawing skills are helpful. Photographs of ranging subject matter provided for those who don't bring images. Students provide their own materials unless they arrange otherwise to purchase a kit containing basic pigments, and paper. Bring a dish to share with other families who are at the Assembly for the week. Meet new friends and greet old friends, too. The Minister of the week will join us with their families to get to know us and it will be a great chance to get to know them as well. We will welcome them, and all of you, to the Assembly! The main dish is provided as well as paper products, water and lemonade or tea. So bring a dish to add to our feast! When the bell rings for Twilight Prayers, we are all invited to join in a Taizé service. A great time of fellowship! No fee, no sign-up

**Youth Art Workshops:** Lizzie Weeks Bumpas, instructor

**#6-A Georgia O'Keeffe Flowers: Mon.-Wed., 2:30-4:00 p.m.**

Eaglets will learn about Georgia O'Keeffe, who she was as a person, how she was a famous pioneer in the art world, and her love of nature. They will draw by observation from several examples of real life or artificial flowers. While drawing, they will “zoom in” on the flower of their choice making sure the petals go off the edge of the page, replicating O'Keeffe's style.

**#6-B George Rodrigue Blue Dog: Tues.-Thurs., 9:00-10:00 a.m.**

Eagles will learn about George Rodrigue, his style and what inspired him to paint his first blue dog. George Rodrigue was from New Iberia, Louisiana and is famous for his Cajun inspired Blue Dog series that started in 1990. Eagles will enjoy making their own dog unique, adding whatever they wish and changing the color if they choose.

**#6-C Radial Tin Mandalas: Wed.-Fri., 10:15-11:45 a.m.**

Buzzards and Falcons will learn the concept of radial design by creating embossed mandalas on 36 gauge tin. The beauty of these pieces starts to take place when students start to color them in, using sharpies. The finished result is eye-catching, iridescent work of art that looks great framed.

**Workshop:** *Drawing in Color with Oil Pastel*, Sarah Masters, instructor

Explore the range of possibility offered by drawing with oil pastels on paper. This is a very portable medium and is a good choice for travel or *plein air* work. Application ranges from the loose sketch to painterly finished pieces. Also useful for preparatory studies for paintings on canvas.

The workshop will offer both an introduction to the medium of oil pastels as well as instruction in basic drawing skills. Students of all levels are welcome, previous drawing experience is helpful. For subject matter participants will work from still life and surrounding landscape. Working from photos is permitted but not preferred.

Two options are available for supplies:

- 1.) For those wanting a simple introduction to the medium, the FULL KIT (\$45) contains one set of 36 colors Holbein Academic oil pastels (a good grade student pastel), high quality Stonehenge drawing paper, drawing pencil, scraper, and blender.
- 2.) For those who prefer professional quality oil pastels, you may purchase the oil pastels on your own and opt for the PARTIAL KIT (\$15) which includes Stonehenge paper, drawing pencil, scraper, and blender.

Suggested Supply list to be provided.

*Please contact me if you have any questions regarding the class or the supplies. I look forward to joining you for a creative week of discovery at Monteagle!*

You can often find him leading tours of this kind through his expansive Native Plant Garden in Nashville, TN - a masterpiece he has been nurturing for nearly 30 years, monitoring rare plant populations for the USDA, or working with other organizations whose mission corresponds with his own. **Judson Newbern's** artistic motivation is the lifelong pursuit of expanding skill sets for capturing inspiring subject matter. I believe that quality design from a small painting to configuring large landscape spaces requires mastery of similar fundamentals—only the materials and parameters change. As a landscape architect, I oversaw the design and planning of the Vanderbilt University campus for 30 years, learning a great deal about space and composition. Having begun watercolor lessons at age 10 on the Outer Banks of NC, I expanded into oils and acrylics in college. Maintaining the practice of painting complemented working in a design field and allowed me to return my focus to art several years ago. Serving on the board of a plein air painting group in Nashville inspired watercolors to become a focus as they can quickly capture the changing images drawn from Nature. Painting is quite rewarding if you enjoy it on your own level and don't worry about what anyone else is doing! Week 1 workshop

The couple still travels and is now enthralled with salsa dancing. Their website is [www.imagesoftheworld.com](http://www.imagesoftheworld.com).

**Tracy Acoustic Band**, which does not always include the same musicians, follows the pattern of most Appalachian bands. Folks would gather for a threshing, a wedding, a barn-raising, or perhaps even a funeral, and whoever showed up would form a spontaneous "band." Sometimes these musicians would have never played with each other, but just as often would have played together for many years, sometimes even generations. Inevitably these casual groups over-lapped, and this gave

rise to interesting cross-pollinations of musical styles. So, while the basic tunes may have been known throughout an area, the spontaneous improvisation would always be fresh and new. This is what has kept this music alive and what you hear when Tracy City Jam Band plays together in Monteagle. The band members feel that if they were to make this music polished and commercial, it would lose its appeal.
